

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Seemed like everyone was moving a little slow Monday morning as they tried to adjust their living habits to the new clock time.

We look on this Daylight Savings Time with mixed emotions each year and are not really sure how we would vote if it were ever brought to a referendum vote.

We know that it is not as bad as some would lead you to believe and at the same time it is not the blessing some would tell you.

In order to eliminate the influence of the lobbyist and the people with special interests we hope that the matter is voted on by the people of Texas before it is ever done away with by the Legislature.

We were pleased to note the shot in the arm the area's economy received during the past week as the two cooperative gins paid out dividends for the past ginning season.

The Hamlin and Neinda gins together paid out over \$180,000 in dividends to area cotton producers.

This is only another proof of how important cotton is to this area's economy and how much our future tends to depend on its future.

Ernest Ledbetter and Track Coach Roger Moore will be leaving for Austin today for the State U. I. L. track meet where Ernest will be competing in the discus throw.

We are keeping a steady check on the progress being made on the new airport project for Hamlin but like most things dealing with engineers, state officials and public money, the progress is slow.

The main problem now is one that seems to confront all of us when we start a major project and that's how to come up with a suitable job at a price we can afford.

We received the following news—letter this week from the office of the County Home Demonstration Agent, Mrs. B. V. Newberry, that covers a subject that we have been tempted to write for some time. Because it covers the subject well and gives some good sound advice we are passing along the information from her.

"Crooked sales pitches via the telephone are on the rise. They trap people into buying things they don't need or into seeing salesmen they don't want to see. Tricks include free gifts,phony surveys and get-rich-quick schemes.

"Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent, gives these tips which may warn you of phonies.

"...The caller gives no identification.

"...He says he is making a survey and requests a personal interview.

"...He assures you he is not selling anything—just wants to interview you as part of an advertising campaign.

"...He describes a "special offer" that your common sense tells you is too good to be true.

"...He reels off prices, costs, offers and questions so fast that you cannot follow what he is telling you.

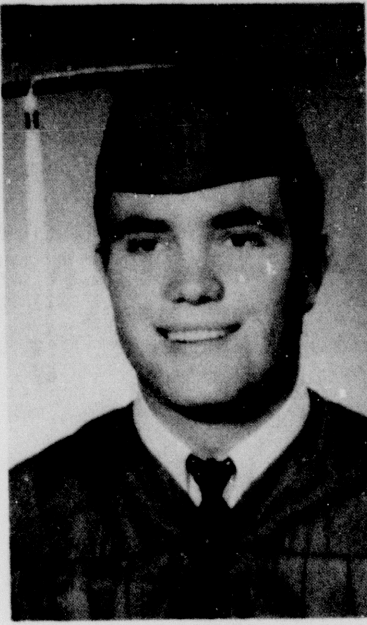

"What should you do? Mrs. Newberry says the Better Business Bureau suggests replying: 'Please send me a letter about the matter. I'll consider your offer after I've had a chance to investigate. Thank you for calling. Good-bye.'

"This way you discourage a gyp artist while not cutting yourself off from someone whose business is perfectly legitimate.

"Legitimate callers also can be a nuisance, if they call at an inconvenient time of if they refuse to take no for an answer. Mrs. Newberry says, if you aren't interested—just say good-bye and hang up."

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(April 18, 1924)

Could anything have been more beautiful than the rain that fell in and around Hamlin late Saturday afternoon and then again that night. It was just when needed in most places and came just to the amount that was wanted. True there was a bit of hail, infact lots of it, the ground became white, but it was not "blown hail" and therefore hurt but little. There was but little that it could hurt. The amount varied from a half inch to two inches.

Last Saturday, Agent Hill, of the Abilene & Southern Ry. at this place showed the Herald a voucher from the Abilene & Southern Ry. Co. for \$100.09 as a gift to the Hamlin Chamber of Commerce. This is the amount pledged to the work of the County Agent in the Hamlin community or for any other good that the Chamber of Commerce may wish. Such donations from railroads and other corporations not only shows their willingness to help make Hamlin prosper, but prove their personal interest as well.

Citizens of the Hamlin territory, the road issue is before us. An election has been called for May 3rd, that will determine whether this section will place its right foot forward, and keep pace with the more progressive peoples of the state, or whether we shall lag and drag ourselves further with that class at which forward men scoff.

In cleaning the grass and weeds from your lots, please do not place same in gutters of the street, for they are very hard to keep open.

To those who own and keep chickens in town, want you please arrange at once to keep them in lots or pens where they cannot molest your neighbors, by ruining their gardens and flower beds. John C. Turner, Mayor.

TWENTY YEARS AGO
(April 15, 1949)

Following 11 innings of hard-fought ball on the Hamlin field last Tuesday afternoon, the Odessa Oilers eked out a win of 14 to 11 over the Hamlin club.

Shortstop Clyde Brown of the Hamlin players gave a sensational exhibition in the fifth in the field, when he snagged a low line drive to retire a runner.

A petition calling upon the mayor and city council to set an election to vote bonds for installation of a swimming pool, was circulated last Friday by Teddy Russell.

Summer Workers
Need Social
Security Cards

Students were reminded today of the importance of having a social security number when applying for summer employment.

R. R. Tuley, Jr., social-security manager in Abilene pointed out that an employer needs a record of each worker's social security number so that he can report the wages paid to each individual's social security account and pay the taxes due. The earnings credited to a worker's

social security account, he pointed out, are the basis for determining the amount of benefits payable to him and his family when he retires — or earlier, if he should die or become disabled.

If the employer does not have a worker's social security number when he sends in his first report after a worker is hired, he must file an additional report when he does get it. To avoid extra reports, some employers have adopted the practice of withholding wages until the worker supplies his number. A few have decided to refuse employment if the job applicant does not have

Unanimous approval was given by members of the joint Rotary-Lions Clubs committee Monday evening to a plan for naming Hamlin's streets and avenues, and for numbering of the houses.

Hamlin's track team tied with Anson in the district track meet for fifth place, Coach Burditt said.

Only one first was taken by the Pipers in the district 6-A contest. The 440-yard sprint relay was won by Joe Allen Dean, Bobbie Potter, Sugar Green and Joe Ford.

Sale of the Conoco Service Station immediately south of the Farmers & Merchants National Bank to Jack Holt and C.W. Forbus was announced this week.

The station was formerly owned by J.W. Gill.

Work got underway last week on an addition to the clubhouse owned by the Hamlin VFW Post No. 6014, southeast of the city.

Hamlin high school's tennis team defeated McCaulley players in a game on the Hamlin court Wednesday.

The local team, composed of Monroe Tabb and George Money, is coached by Joe Douglass.

TEN YEARS AGO
(April 23, 1959)

People of the territory will be surprised just how many different flowers their town can grow and show when they attend the third annual Flower Show being sponsored Saturday at the new Hamlin High School gymnasium.

Theme for the show is "Garden of Enchantment."

Forty-nine Hamlin merchants have been signed up to participate in a trade extension project called Appreciation Day, it was announced over the week-end by members of the retail trade committee of the Hamlin Board of Community Development.

Members of the Xi Gamma Pi chapters of Beta Sigma Phi international are sponsoring a "tasting tea," to be held Friday in the home of Mrs. E. J. Hawkins.

Each member of the two chapters will make a favorite recipe of hers which will be on display for all guests. Displays will include punches, cakes, breads, candies, tea cookies and dips as well as many other foods, and the recipes will be sold for 10 cents each.

The greatest commandment is that we should love our God. This is a free choice that man has, but it is God's desire that all would seek Him. He is our heavenly Father, and desires only the best for us.

NEWS FROM . . .

Old Glory

By JUDY WHITE

This community was saddened by the passing of Mrs. Oscar Vanderworth last week. Mrs. Vanderworth died at 11 a.m. Wednesday in Stamford Memorial Hospital. She had been in declining health for several months.

Funeral services were held Friday in Aspermont at the Littlepage Funeral Home Chapel. The Rev. Sam Urrate of Stamford officiated. Burial was in Old Glory cemetery. Born Dec. 4, 1891, in Willow Springs, she married Oscar Vanderworth in Concho County Jan. 28, 1909. They came to Stonewall County in April of that year and moved to their farm northeast of Old Glory in 1916.

Survivors include her husband; three daughters, Mrs. Gus Rueffer of Weinert, Mrs. Fred Teichelman of Hamlin, and Mrs. C. A. Grice of Brownfield; three sons, Eugene of Houston, Lee Roy of Old Glory, and O. D. of Denver, Colo.; a sister, Mrs. John Wendeborn of Sagerton; four brothers, Alfred Rinn of Stamford, Elmer Rinn of Lawton, Okla., Alton Rinn of Austin, and Herbert Rinn of Rule; 14 grandchildren and 11 great-grandchildren.

Grandsons served as pallbearers.

Mrs. Jimmy Newman attended the funeral of a brother-in-law, Jack Thomas, in Mineral Wells last week. Mr. Thomas died in a Temple Hospital last Wednesday. He was a former resident of this community. He grew up and attended school here, and married the former Elmore Carr. The couple had recently moved from Odessa to Mineral Wells.

Rebecca Letz, a senior in Old Glory High School, was one of twenty-nine West Texas outstanding young scholars honored last Friday night by the West Texas and Abilene chambers of commerce and Abilene civic clubs.

The top-students — representing schools in seven area counties — were feted at Carter Cafeteria on the campus of Abilene Christian College by Kiwanis, Lions and Rotary clubs and the two chambers of commerce.

The recognition is based on the students record of accomplishments and grades during their years in high school.

Rebecca, daughter of Mr. and Mrs. David Letz was accompanied by her parents. Members of the Old Glory Freshman Class have announced they will sponsor a volleyball tournament for outsiders on the week of May 5 through May 10.

Admission will be 25c for everyone and games will start each evening at 6 o'clock except on Wednesday. There will be no games on Wednesday evening.

4-H members from the Old Glory clubs who won ribbons at the 4-H Share-the-Fun contest this year were Russell Letz, who won the Overall Best award in the Public Speaking Division; Susan Baldree, blue; Carmine, Doug and Celinda Vahlenkamp, blue; Mark Cox, Jamie Pierce, Debbie Jones, Marcene Baldree, Billie Jo Baitz, Eddie Wolsch, Kevin Cox and Wesley Martin, all received red ribbons; and Lynette Meier, Kathy Wendeborn and Beverly Newman received white ribbons.

VARIETY CLUB

Nine members were present when the Old Glory Variety Club met in the home of Mrs. Bill Wright on Tuesday of last week. They were Mmes. W. G. Wienke, Katie Gerloff, E. H. Diers, Charlie Letz, G. F. Spitzer, Bill Tipton, Lynn Flowers, Beno Hertenberger and the hostess.

The group enjoyed games of Bridge and "84" and delicious refreshments.

Judy White, a student at Hardin-Simmons University in Abilene was home last weekend visiting her mother, Mrs. Bernice D. White and her grandmother, Mrs. Tillie Dippel. Other visitors in their home over the weekend included Mr. and Mrs. Stanley Key of Abilene.

Cecil Ray Gerloff of Belen, N. Mex., has been through here several times lately and stopped by to visit his mother,

Doyle Ponder Elected Vep of Hereford Group

A new president, Weldon Edwards of Clyde and a Register of Merit Show during the West Texas Fair for '69 were the two top news items when the West Texas Hereford Association held their annual meeting at the Abilene Chamber of Commerce the first week in April.

Edwards, a Clyde rancher and long associated with Hereford cattle raising and breeding, succeeds Paul Turner of Sweetwater.

Serving with Edwards will

be first vice president Doyle Ponder of Hamlin, second vice president Jimmy Fox of Abilene, Curly Hays secretary-treasurer. New directors are Gordon Minter, Dr. R. Lee Rode, Arthei Hanson, Dortha Griffin, Mrs. Lee Griffin and Mrs. Lee Atkinson of Throckmorton. Mrs. Atkinson will serve the remainder of her late husband's term.

Neinda Philosopher Drops International Problems To Take Up the Problem of His Own Farm

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One de-

votes his attention, in a manner of speaking, to his own farm this week.

Dear editor:

A man can spend so much time settling national and international problems, occasionally he has to turn to his own immediate problems, and that's what I've been doing after I read an article in a newspaper yesterday on a new proposal for a new farm program being discussed in Washington to avoid surpluses.

According to it, a farmer could sell his cropping rights to the government but still hold on to his land. He could continue to use, but not to grow crops.

This is exactly the type of program I've been wanting for years.

There is a myth abroad that if you own land you're supposed to be out there on it with your tractor going up one row and down another and if you aren't you're hard put to explain to your neighbors, not to mention your household, why you aren't. Shiftless is a word you hear in this connection frequently, which has always puzzled me. If your a farmer and stand still you're shiftless, but if you're a politician who won't stand still, you're shiftless. The world is too hard to please.

But if we can get this new proposal enacted, where it's against the law to plow, it'll be a pleasure to say, "Don't look at me, those weeds belong to Washington. I've sold my plowing rights."

Farming will come into its own when I can sell my plowing rights and retain my mineral rights.

I haven't seen the details of the proposal, but I hope you'll use your influence to see that when the government buys my cropping rights, it won't be in one lump sum, good for now on. Payments ought to be made every year. Farming this Johnson grass farm will reach the dignity it deserves when, if the government should ever get tired of the program and decide not to pay me, I could foreclose on Washington for failing to pay me for not working.

I don't know what a lien against Washington would be worth on the open market, but it ought to be worth as much as one against this farm.

Yours faithfully,

J. A.

Pork Producers To Meet Today In Stamford

There will be a meeting for all area pork producers, today (Thursday) at the Conference Room of Stamford Electric Cooperative, beginning at 8:00 p.m.

Purpose of the meeting, according to Charles Stenholm, Manager of Stamford Electric Cooperative, Inc., is to determine interests in forming an Area Pork Producers Association. We believe that there is a tremendous economic opportunity in the Stamford Electric Area for pork production, said Stenholm.

The growth of pork production in the area in the last year leads us to believe that the time may now be ripe to explore various possibilities in the organizational, educational, promotional, and marketing fields of raising hogs, continued Stenholm.

Every pork producer and interested person is urged to attend.

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT (HJR9)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section 49-d-1 to read as follows:

"Section 49-d-1. (a) In addition to Texas Water Development Bonds heretofore authorized to be issued by Sections 49-c and 49-d of Article III of the Constitution, the Texas Water Development Board is hereby authorized to issue \$3,500,000,000 in aggregate principal amount of bonds. No part of such additional bonds shall be issued prior to approval thereof by the vote of two-thirds of the elected members of both houses of the Legislature.

"(b) The proceeds from the sale of such bonds shall be deposited in the Texas Water Development Fund.

"(c) The bonds herein authorized and all bonds authorized by such Sections 49-c and 49-d of Article III shall bear such interest and mature as the Texas Water Development Board shall prescribe subject to the limitations as may be imposed by the Legislature.

"(d) The Texas Water Development Fund shall be used for the purposes heretofore permitted by and subject to the limitations in said Sections 49-c and 49-d and in addition thereto for the purposes of developing water resources and facilities for the State of Texas, both within the State and without the State of Texas. Provided, however, that financial assistance may be made pursuant to the provisions of such Sections 49-c and 49-d subject only to the availability of funds and without regard to the provisions in Section 49-c that such financial assistance shall terminate after December 31, 1982.

"(e) Under such provisions as the Legislature may prescribe, the Texas Water Development Board may receive grants and, in addition, execute contracts with the United States or any of its agencies, other states of the United States, foreign governments and others, for the acquisition and development of such water resources and facilities for the State of Texas. Such contracts when executed may be secured by the general credit of the state, and if so secured shall constitute general obligations of the State of Texas in the same manner and with the same effect as Texas Water Development Bonds. If facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment. The aggregate principal amount of Texas Water Development Bonds authorized herein and in said Sections 49-c and 49-d shall be reduced by the aggregate of principal payments committed under such contracts constituting general obligations of the state. The provisions hereof shall not be construed to limit the authority of the Texas

Water Development Board to execute contracts or issue revenue bonds when such contracts or bonds are not secured by the general credit of the state.

"(f) Texas Water Development Bonds and such contracts secured by the general credit of the state shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"(g) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory character."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on Tuesday, August 5, 1969, at which election all ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment broadening the powers of the Texas Water Development Board and the purposes of the Texas Water Development Fund; eliminating the interest limitations on Texas Water Development Bonds; raising the authorized amount of Texas Water Development Bonds by \$3,500,000,000; extending the maturity schedule on Texas Water Development Bonds; eliminating the procedures for curtailment and the curtailment date of financial assistance to be provided by the Texas Water Development Board."
